Dear Dr. Nandini Chatterjee Singh,

Greetings from the Millennium Alliance (MA)! Once again, we congratulate you for being selected under the MA Round 4 and welcome you to the Program which would not only provide you funding support but significant capacity building, networking and business development support.

As a next step, we shall now begin the contracting process to define clear milestones for activities that would be funded through the MA funds and indicators against those milestones. We are happy to share the MA Apex Committee has decided to grant Rs. 3000000 (Rs. Thirty Lakhs only) amount to your organization out of which INR 10 Lakhs will be earmarked exclusively for capacity building activities.

Your project has been awarded under the "Capacity Building Support" category under the MA and accordingly you are required to submit a "Capacity Building Plan" for your project.

Your capacity building plan should clearly define the capacity building needs of your enterprise/team that are essential to strengthen your business model and service delivery at the last mile. Please define tangible and a quantifiable milestone along with timelines to gauge that the capacity building grant has been adequately utilized and has resulted in desired outcomes.

The MA funding must be utilized within 3 years of the grant of the funding amount. You must keep this in mind while preparing the Work-plan and the Capacity Building Plan (Template attached).

We look forward to working with you!
