

NCR Biotech Cluster Seminar Series

on

Virus-Host Interaction: From Basic Biology to Translational Research

26th February, 2020

at

National Brain Research Center, Auditorium
Manesar

Soumen Basak, NII

“RNA Viruses and NF- κ B Signaling: Friends or Foe”

10.00–10.35 AM

Manjula Kalia, RCB
“Role of Cellular Stress Responses
in the Pathogenesis of
Japanese Encephalitis Virus”
10.35–11.10 AM

Pankaj Seth, NBRC
“Molecular Mechanisms of
HIV-1 Neuropathogenesis”
11.30–12.05 PM

Guruprasad Medigeshi, THSTI
“Stressing out Dengue Virus –
Adding Some Zing(c) to Dengue Biology”
12.05–12.40 PM

11:10–11:30 AM: Tea Break
12:40 PM: Lunch
